Letter from the Principal

It has been good to see the interest in our Pre-registration for the month of February. It is amazing to see how God raised up Sunshine Academy and to see the spaces filling up so quickly for this coming year. And we are seeing the growth already taking place in our Kindergarten class, which is starting with 11 continuing students before we even open registration. God is faithful and it is our desire to be faithful with what He entrusts to us.

The Summer Program is still being worked out, but we will definitely have All-Day Care for our preschool-aged kids (and the Parkview kids presently in grades K-2 may also attend). In addition, we will have Summer Camps for Elementary and Middle School students that run throughout the summer months. We are still working through the details of exact dates, times the camps will be meeting, and which classes will be offered. We hope this year is laying the ground work for an All-Day Summer Camp program for Elementary and Middle School kids next summer.

Our energy is now turning to the upcoming History Fair and Open House a week from Thursday. The kids are putting a lot of effort and energy into their projects so we hope you will come and bring somebody who might be interested in Parkview. Then the week following that is our school play. If you want a night out and an opportunity to fellowship with the Parkview families, this dinner theater might be just what you're looking for. If not, then we would welcome you to come and support our kids and their missions trip in May.

Be blessed in Jesus!

Jim Apker

On the lighter side...

Here are some quotes that have been noted over the years. Real words of wisdom:

Sure there have been injuries and deaths in boxing...but none of them serious.

You guys line up alphabetically by height.

Most lies about blondes are false.

We don't necessarily discriminate. We simply exclude certain types of people.

Half this game is ninety percent mental.

If it weren't for electricity we'd all be watching television by candle light.

For most people, death comes at the end of their lives.

That's just the tip of the ice cube.

Solutions are not the answer.

I can see the carrot at the end of the tunnel.

I dream of a better tomorrow where chickens can cross the road and not be questioned about their motives.

Encouragement

"But you are a chosen people, a royal priesthood, a holy nation, a people belonging to God, that you may declare the praises of him who called you out of darkness into his wonderful light." 1 Peter 2:9
